

North American Produced 12 VDC Power Supplies For Spa Applications Carry UL1563 and CSA Approvals

Subject **PRODUCT BULLETIN FROM INNOVATIVE CIRCUIT TECHNOLOGIES LTD.**

Date **May 6, 2010**

Description ICT's ASA Series Spa Power Supplies carry the UL1563 and CSA 218.1 approval ratings and have been designed to perform under environmental conditions typically seen in the spa and hot tub industry. Quality and reliability are the hallmarks of ICT's reputation in the power conversion industry. When you need a power supply that will provide years of trouble-free operation, consider the ASA Series from ICT.

Standard Features UL and CSA approved for spa environments
Noise free – fanless design, no electrical interference
Lightweight, low profile space saving design
Moisture resistant and conformal coating for long life
Built in protection features to reduce trouble calls
Fast delivery from our North American manufacturing facility

Model Numbers

	Description	Input Voltage Range	Output Voltage	Output Current (Cont)	Output Current (Peak)	Price
ICT12012-10ASA	12V, 10A Spa Power Supply	90–130 VAC	13.8 VDC +/- 100mV	7.5 Amps	10 Amps	\$69.95 *
ICT12012-15ASA	12V, 15A Spa Power Supply	90–130 VAC	13.8 VDC +/- 150mV	13 Amps	15 Amps	\$109.95 *

* Price FOB our distribution center. Option 1 price shown.
Prices vary depending on cord option selected.
Volume pricing available, call to enquire.

In addition to these standard models, ICT can produce a variety of power levels including 20 Amp and 30 Amp versions depending on your needs. Enquire to find out more at sales@ictcorporate.com or call us at 604-856-6303.
